## **What happened in the story?**

During their cosmic journey, they made an emergency landing in the mysterious Emotown.

Seeking help to repair their Spaceship, they found the town in perpetual gloom because its once-proud clock tower is broken and prevented by a mysterious person in the tower for repairs. What is the secret connecting the tower and this mysterious person? Why have smiles and happiness vanished from the town?

It all begins with a song...

To restart their Spaceship, Lulu's team must solve the town's mystery and help residents rediscover happiness!

Join this magical adventure to light the tower and revive smiles!

## **Lulu loves Earth!**

### **Let's think about how we can help our planet together!**

Lulu's planet was destroyed, so they set off across the universe in search of a new home. When they reached Earth, they were moved by the blue skies, green mountains, and vast oceans, and quickly fell in love with this beautiful planet. Now, they hope we can all work together to protect it.

For Lulu's stage debut, the team at Weiwuying embraced sustainability by giving new life to old materials. They carefully repurposed sets, props, and costumes from past productions to create a fresh and vibrant look for the stage. Even worn-out non-woven carpets were transformed and reused as story-themed tote bags, showing how creativity can turn everyday items into something special. By choosing to reduce plastic bag and disposable product use, and encouraging eco-friendly transportation like MRT, buses, biking, or walking, we can all help cut down on waste and protect the environment.

Lulu invites children to think about what they can do at home or school to care for the Earth. Let's all take small steps together for a better world!

- ☐ I sort and recycle trash.
- ☐ I walk or ride my bike to school.
- ☐ I remember to turn off the lights and water.
- ☐ I treasure my food and don't waste it.
- ☐ I use a water bottle instead of paper or plastic cups.
- ☐ What else can you do? \_\_\_\_\_
